

Minutes of the meeting held Sept. 18<sup>th</sup>, at the field, with 8 members present. There are 36 active members in the club.

The Padre Pio Center has given the Club permission to use the corn crib type building, with a concrete floor, to locate a new storage shed for our lawn mower. This location, closer to the field, will give the shed, itself, some protection from the weather and a certain amount of security. Shortly after the Fun Fly we will be purchasing a 8'X10' resin shed from Home Depot for about \$700. This action was voted on and approved by all members present. We will schedule a day for assembly and the help of any member will be greatly appreciated.

The Treasurers report, as stated before, shows the club is just able to meet it's expenses. We are going to use the money in our emergency reserve fund to purchase the shed and any additional expenses from the web site improvement and maintenance. Next year we will be raising the membership dues \$5 to \$50 for open membership and \$70 for a family membership. This will help us to slowly restore our reserve fund and cover additional expenses. This action was voted on and approved by all members present.

The Fun Fly is scheduled for the 28<sup>th</sup>. At previous events we had an abundance of food and beverages left over and a lot was wasted. For this event, We ask the members if you could respond, by email, to me or any club officer, if you might be attending. It will help us get a better idea of how much food to purchase.

Hope to see you on the 28<sup>th</sup>, it is always a good time !
