

Meeting - The July Meeting was held on the 16<sup>th</sup> of July with 12 members present.

Next Meeting – 16 August at the Flying Field 1:00pm.

Membership – Currently at 44 paid members.

Treasury Report – Balance Forward \$3,011.89, Total Income \$75, Total Expenses \$176.51, Ending Balance \$2,910.38.

Mowers – No issues holding up well.

Scheduled Fun Fly's – 6 September 25 with a rain date of 7 September 25.

Club Merchandise – The Club Hats are still Available for \$14.00. Contact Bob Wingert for availability.

Limited Fly Dates – Due to events taking place at Padre Pio we have some flying restrictions for the following dates. During these dates only electric and control line flying will be permitted. Sept 20<sup>th</sup> thru the 21<sup>st</sup> and Oct 11<sup>th</sup> thru the 14<sup>th</sup>.

Club Officers – Here is a current list of the Club Officers.

President:	Dereck Sanderson
Vice President:	Brian Yenser
Secretary:	Robert Wingert
Treasurer:	Dave Blum
Safety Officer:	John Smurthwaite

Mower Shed – Shed has been moved out of the Corn Crib and the location is yet to be determined. Ultimately, we would like to put it on the concrete slab once the Corn Crib is removed.

Model Airplane Runway Fabric – We had discussed using runway fabric on our runway. What are everyone's thoughts on this?

Model Airplane

Grimes Airfield is holding some worthy events. Please see attached flyers below.

North Penn High School – Tony Rossetti and Dan Pantaleo have supported the North Penn Model Aviation Club last year. They are now looking to support them again this year. Please see the attached flyer below. This is a good way for our club to interact with the younger up-and-coming model aviators. If you would like to contribute, please contact Tony or Dan.

Club Officers – Here is a current list of the Club Officers.

President:	Dereck Sanderson
Vice President:	Brian Yenser
Secretary:	Robert Wingert
Treasurer:	Dave Blum
Safety Officer:	John Smurthwaite

Sincerely  
Bob Wingert  
Club Secretary

## North Penn Model Aviation Club - **the MAC** Est. 2003

You found the Model Aviation Club at North Penn High School, from Lansdale PA, 19446. During the school year, the club will venture further into radio controlled, indoor electric foam aircraft, as well as the usual mischievous model airplane building we always do. We will host an indoor model aircraft event each spring. If you have any questions about the club, contact Dr. Michael Voichick via email ([voichemg@npenn.org](mailto:voichemg@npenn.org)) or by phone: 215.368.9800 vMail 4962. We meet in room, H-14 on Tuesdays at 2:15-4pm. If we have school that day, you're pretty likely to find us there.

### This Year

Well, we survived another year of super fun building and flying RC planes! Life was super busy for us here at the high school, and it really picked up this spring. Students were building and flying their planes, and quads. If you've flown large or small planes before, you know how much fun it can be. We pride ourselves on fun and new adventures every year. For example, we flew our largest plane in club history, a 188" span glider!

### Through the years

We've tried our best to keep track of the cool things we've done over the years. Pardon the difference between the older stuff and the new methods of photo keeping. I'm just glad we have most of it! Our club has been running over over 20 years! That's amazing!

### About the Club

The club was started in the fall of 2003 by a handful of students interested in aviation. The club formed to teach the fundamentals of aviation through radio controlled modeling, to promote an interest in aviation through group projects and activities, and to increase knowledge of physics and engineering through model building and flying. Since its inception, the club received start-up grants, as well as model aircraft donations from the local community, participated in elementary school outreach events, and has been recognized by the AMA for its efforts promoting youth in model aviation.
