

16 June 2021 Meeting Minutes

The June meeting was held on the 16th with 9 members present. The club now has 36 paid members. This is a good size membership for our club. Expect a few more members to come aboard.

The club is in good shape financially with a balance of \$2,403.35 after expenses. Expenses: AMA Field Registration, Field Rental from Padre Pio and New Shed.

It's been a great year so far for the Club and the weather has been particularly nice. Hope everyone is getting in some good flying.

Fun Fly – We had our first Fun Fly on June 12th and it was a great success. There was a really good turn out. The weather was perfect and there was lots of flying that was done by many members. There were no mishaps thru the entire day and everyone had a great time.

Mower – The mower had some issues and is now back in service. The starter gear had broken and the mounting holes for the starter needed to be repaired with Heli-Coil inserts. It is now in good shape

Mower Shed – Needs a few more items to be complete. New locking hasp that engages the top and bottom of the door frame, shingles, ramp and a couple other minor things.

Phone Listing – It was brought up that we should include this list on the Web Site under the Members Page. This would give everyone access to contact other members. This is located in a password protected area on our Web Page and isn't available to anyone except our members. I will be including this into our Web Site shortly.

Rolling -The field did get rolled and there's been some good feed back as to the smoothness of the field. I've noticed the ground handling myself and it's much improved.

Sincerely: Bob Wingert
Secretary
